Jln. Medan Km.6 Pematangsiantar

Energetic and ambitious fifth-semester D3 Information Technology student with a strong foundation in website and mobile programming, coupled with a keen interest and knowledge in machine learning. Proven ability to apply theoretical concepts into practical solutions, evident through hands-on experience in developing websites, mobile applications, and exploring the intricacies of machine learning algorithms. Passionate about staying abreast of the latest industry trends and technologies to contribute effectively in the ever-evolving field of technology. Seeking opportunities to apply and enhance my skills in a dynamic learning environment.
